

PART OF THE COCA EDUCATION PROGRAM

STEAL THIS IDEA!

COCA Delegates! Get ready to excite everyone with your best programming ideas & STEAL theirs!

COCA Education favorite Steal This Idea is back again for this year for COCA 2014 in Niagara Falls on Tuesday, June 3! We are looking for delegates to present the creative programming ideas from your campus and share them with your fellow COCA programmers in a 5 minute presentation.

You can use video, power point, print media...whatever you would like to share your programming ideas with us. Come brag about and share what you organized on your campus so others can steal your idea to bring back to their campus.

If you would like to present your GREAT programming ideas at the 2014 COCA national conference let us know via email to Anna Hillar at:
